AGREEMENT BETWEEN THE COUNTY OF NASSAU, NEW YORK AND
SANITARY DISTRICT NO. 2 (TOWN OF HEMPSTEAD)
IN RELATION TO INTERMUNICIPAL COOPERATION

THIS AGREEMENT ("Agreement") made and dated as of the date (the "Effective Date") that this Agreement is executed by Nassau County, by and between the County of Nassau, a municipal corporation, having its principal offices at 1550 Franklin Avenue, Mineola, New York 11501 (the "County") and Sanitary District No. 2 in the Town of Hempstead, having its principal offices at 2080 Grand Avenue, Baldwin, New York 11510 ("DISTRICT" or "CONTRACTOR").

WITNESSETH:

WHEREAS, it is in the best interests of the County and the DISTRICT to share resources in the undertaking of municipal improvement projects and other purposes, as authorized by Article 5-G of the General Municipal Law ("GML") of the State of New York;

Appendix EE

Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined by such title and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make Best Efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, including the granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's DISTRICT of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the DISTRICT of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the DISTRICT of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual

provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.

- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrator's award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.

- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating

such action can be included with the Best Effort Documentation

- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blueprints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.
- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in Best Efforts with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
- h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

The following policy was developed to so that the District will conform to General Municipal Law, Section 103, governing contracts of political subdivisions. It will serve as a guide to the purchase of goods and services for the District.

Competitive bidding will be awarded to lowest responsible bidder meeting specifications. Should there be exceptions made, where bidder does not meet specifications, timely delivery, etc., etc., a drafted reason will be attached to the bid file as to why an alternative bidder, or no bidder was selected.

Items will be competitively bid in accordance with General Municipal Law 103 governing contracts of political subdivisions. The threshold for these contracts will be \$35,000 for public works jobs, and \$20,000 for purchase contracts in the aggregate within the 12 month period commencing on the date of purchase. Professional services and other procurements are not required by law to be competitively bid.

Exceptions to this procedure will occur if there is an emergency need for either of the above, whereby the necessity of such purchases, or capital expenses is essentially needed within a period of time that would be less than the time to bid such areas. In these cases, written documentation, as to the emergency nature and the time constraints, must accompany such purchases and be noted in the public minutes of the District.

Also, an exception to this policy is proprietary items such as that there is no competitive price. Examples of these would include: Leach body parts, Heil body parts, Navistar truck parts, Mack truck parts, International Truck Parts, Freightliner, Ford and Chevy vehicle parts etc.

The District's current policy is to purchase these manufacturer's parts and they may aggregate surpass the total amount which would otherwise have to be formally bid.

The District may purchase off existing publicly bid purchase contracts of the federal government, the State of New York, cities within the State, counties, towns or other political subdivisions of the State with the permission of the vendor, for the same terms and conditions that exist in such contract, if it is deemed in the best interest of the District.

When purchases made, other than competitively bid, any item, service or other good that is valued under \$5,000.00, may be purchased directly by the General Supervisor (or his designated representative) or the Secretary to the Board (or his designated representative) without getting informal bids or competitive quotes. These are items that come up routinely in purchasing and the purchasing officers need the speed of flexibility to purchase these items to maintain the smooth and efficient operation of the District.

Any item, service, or other good that is valued above \$5,001.00 and below the cost of which must be competitively bid, can only be purchased with approval by the General Supervisor or the Secretary to the Board.

All such items, services, or goods, shall be universally identified and be accompanied by one of the following:

1. Three written informal quotes by different vendors, which will be attached to the item purchased.

2. Three written proposals regarding the intent of the vendors, which will be attached to the item or service purchased.
3. Three verbal or phone quotes from the vendors. These shall be written and attached to the final item purchased.
4. Should an item, good, or service be purchased that is not the lowest priced, an explanation for the purchase must be attached to such item.

All purchases shall be annually reviewed by the District appointed auditor while annually reviewing the District's finances. He shall meet with the General Supervisor, the Secretary to the Board, Treasurer and the Chairman of the Board to review these purchases to make sure they conform to the above policy and any State law, rules or regulations.

Advance Payment Of Claims

The Secretary to the Board is authorized to process payments in advance of audit of claims for public utility services, monthly recurring contractual services, postage, freight and express charges.

Notwithstanding the foregoing, and consistent with applicable laws and regulations, the District, in its discretion, may give a preference to the purchase of products made with recycled materials, provided that the cost of such "recycled Product" is "Reasonably competitive", (as such term is defined in Section 104-a of the N.Y.S. General Municipal Law*), and of a quality adequate for the purpose intended.

*and "reasonably competitive" shall mean a comparable recycled product with a cost premium of no greater than ten percent or, if at least fifty percent of the secondary materials utilized in the manufacture of that product are generated from the wastestream in New York State, a cost premium of no greater than fifteen percent. N.Y.S. General Municipal Law Section 104-a.

GML § 103 (16) was amended by chapter 497 of the Laws of 2013, to provide that the contract must be let either to the lowest responsible bidder or on the basis of best value in a manner consistent with GML § 103. GML § 103 (16) as amended is scheduled to expire on August 1, 2017. There are three prerequisites that must be met in order for a procurement of apparatus, materials, equipment and supplies, and related installation, repair and maintenance services, to fall within this exception:

1. The contract must have been let by the United States or any agency thereof, any state or any other political subdivision or district therein. Therefore, there must be an underlying contract let by one of the listed governmental entities. Contracts developed for use by local governments that are let by private parties and not by the United States or any agency thereof, any state or any other political subdivision or district therein, would not fall within the exception.
2. The contract must have been made available for use by other governmental entities.
3. The contract must have been "let to the lowest responsible bidder or on the basis of best value in a manner consistent with this section." Additional guidance on complying with this prerequisite follows.

Determining Consistency with GML § 103

In order for a non-New York contract to have been let to the lowest responsible bidder or on the basis of best value (competitive offering) in a manner "consistent" with GML § 103, there are four fundamental elements that should be present in the procedures used by the non-New York entity in

letting its contract:

- Public solicitation of bids or, in the case of best value, offers.
- Submission of sealed bids or offers, or analogous procedures to secure and preserve the integrity of the process and confidentiality of the bids or offers submitted.
- Preparation of specifications, or a similar document that provides a common standard for bidders or offers to compete fairly.
- Award to the lowest bidder who materially or substantially meets the bid specifications and is determined to be a responsible bidder, or in the case of a best value process, an award to the responsive and responsible offerer which optimizes quality, cost and efficiency, reflecting objective and quantifiable analysis, whenever possible.

Where the basis of the award is the best value offer, the General Supervisor or the Secretary to the Board shall document, in the procurement record and in advance of the initial receipt of offers, the determination of the evaluation criteria, which whenever possible, shall be quantifiable, and the process to be used in the determination of best value and the manner in which the evaluation process and selection shall be conducted. Also, documentation shall also include, where practicable, a quantification of the application of the criteria to the rating of proposals and the evaluation results, or, where not practicable, such other justification which demonstrates that best value will be achieved.

Professional Services:

Professional services generally include services rendered by attorneys, engineers, and other services requiring specialized or technical skills, expertise or knowledge, the exercise of professional judgment or a high degree of creativity. The District will issue request for proposals (RFPs) every five years as its method of seeking competition for professional services. However, under this method, price is not necessarily the sole criterion for award of the contract. The best qualified service provider that will best serve the interests of the District will be appointed by the Board. The RFP will provide information concerning the type of service to be provided including minimum requirements and, where applicable, the evaluation criteria that will govern the contract. The potential service providers will be supplied with copies of the RFP and will be requested to submit proposals by a specified date. Proposals will be solicited by either public advertisement, or will be contacted directly and provided with an RFP.

Federally Funded Purchasing Conflict Of Interest Statement

No employee, officer, or agent of the District may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The officers, employees, and agents of the District may neither solicit nor accept gratuities, favors, or anything of monetary value that is more than a nominal value from contractors or parties to subcontracts. Disciplinary actions will be applied for violations of such standards otherwise.
